All of our engagement rings are created in a standard size M.

We offer complimentary resizing on all of our engagement rings to ensure the perfect fit. Following your proposal you will be invited into store with your fiancée to celebrate your engagement and be correctly sized by one of our diamond experts.

In the meantime our handy guide will help you discover your perfect ring size. To calculate your ring size, simply take a ring that you already own and match it to one of the sizes by placing it on a print-out of the chart below.

2. Find the circle which completely fills the inside of the ring without overlapping.

3. Your ring size is the letter shown within the circle.

This ring sizer is provided as a guide only. For the greatest accuracy, please have your finger measured by one of our staff.
